

Refurbishment and extension of the ancient Town Hall of Fuentes de Andalucía. Seville. Spain (2010-2022)

Ignacio Laguillo Díaz. Architect

07A001716 - Built Heritage Category

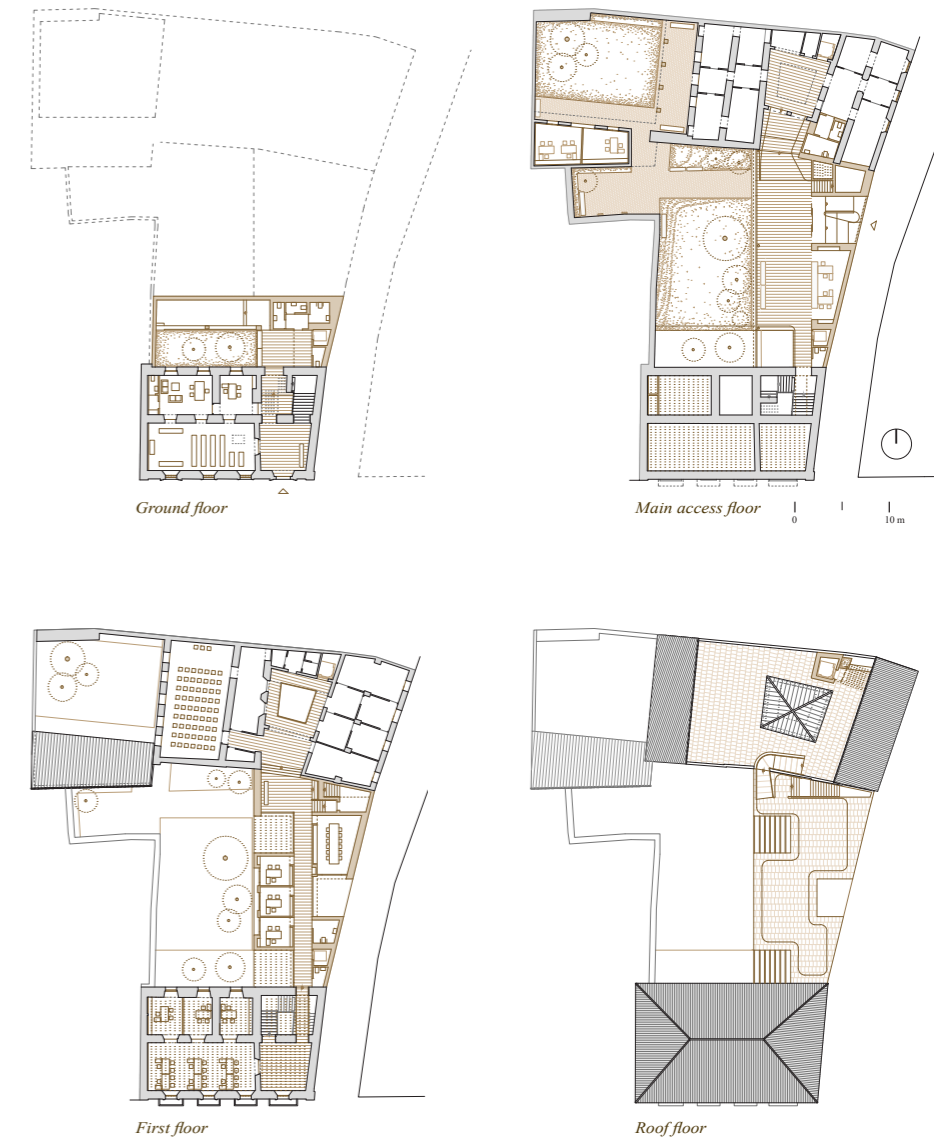

Connection space between the two buildings.

A double-height space recover the rear façade – Minimum contact between the two buildings

Refurbished workspaces of the Neoclassical building - First floor

Evoking the connection with the landscape - The lime plaster coating enriched by incorporating hemp fibers
